For sale is a house located near Umag, as part of a modern complex of three terraced houses.

Construction of the complex will begin at the end of 2025, and is scheduled for completion by the end of 2026.

The house for sale is designated as unit B, which covers a total net area of

151m², which includes the ground floor and two floors.

On the ground floor of the house there is an entrance hall, a storage room, a guest toilet and an open space that combines the kitchen, dining room and living room. From the living room, through large glass walls, there is an exit to the 70 square meter yard.

The first floor offers an additional storage room, a bathroom and

two bedrooms, each with its own access to the terrace.

The second floor offers another storage room, a large bedroom with a private bathroom and access to a terrace overlooking the sea.

Each floor will be equipped with air conditioning, and for additional heating, preparation for a heat pump will be provided. The house will also have two parking spaces.

Buyers who decide to purchase a house under construction have the opportunity to actively participate in selecting the finishing details, including ceramics, room doors, interior wall colors, and sanitary ware, in agreement with the investor.
