terrace opens up to a stunning garden equipped with an automatic irrigation system and well-maintained landscaping.

The apartment comes with two parking spaces and a remote-controlled ramp, providing additional security. Additionally, the parking area is equipped with provisions for installing electric car charging facilities.

Enriched with intelligent features, this apartment includes the possibility of individual climate control in each room, preparation for underfloor heating and installation of solar panels on the roof, which will generate hot water. These innovative features ensure that future owners enjoy economical and eco-friendly living, with minimal electricity bills and an environmentally sustainable approach.

Check out the pictures below to discover the complete list of equipment and amenities that come with each apartment.

This apartment represents an excellent investment opportunity, whether you are looking for a holiday home or a rental property. Located just 700 meters from the charming center of Novigrad and beautiful beaches, and conveniently close to Poreč (14 km) and Umag (13 km), this location is truly exceptional.

We are always available for any additional information; feel free to contact us at any time. Our professional team is ready to assist you.
