We are in the process of issuing a building permit for this enchanting semi-detached house, and you can reserve it with a minimum deposit. Construction is scheduled to begin in late 2025, and the estimated completion time is 16 months.

This semi-detached house will be spread over two floors - ground floor and first floor - with a total net area of 148.55m2. The ground floor includes a bathroom, a bedroom, and an "open space" with a kitchen and living room. Large glass walls offer access to the courtyard with a swimming pool.

Internal stairs lead to the first floor where there are two bedrooms, each with its own bathroom, walk-in closet and access to the terrace.

Air conditioning units are provided for heating and cooling all rooms, while underfloor heating is planned for all bathrooms.

Future owners have the opportunity to participate in the construction of the house, whether it is choosing ceramics, interior doors, wall color or, if they wish, they can decide to install underfloor heating throughout the house.
