This beautiful apartment is for sale, located in the heart of Novigrad, with an extraordinary view of the fishing port and surrounded by idyllic green parks. It is located on the first floor of a completely renovated building, where everything from the mezzanine floors to the installations and carpentry was renovated in 2023.

There are two 73 m2 units available that require the installation of ceramics and bathroom fittings. The investor has deliberately left these finishing works unrealized, allowing future owners to choose the ceramics and sanitary ware according to their own taste, which is included in the final price.

The building consists of a total of four residential units, two of which have already been sold and are successfully used, while the remaining two units are still available for sale.

The 73 m2 apartment contains an entrance hall, a large bathroom, a bedroom, a kitchen and a living room.

Due to its excellent location, in the very center of Novigrad,
