The house boasts three bedrooms, two of which have their own bathroom, while the third bedroom shares a guest bathroom. The large and fully equipped kitchen, which includes a dining table, creates an open and spacious space towards the living room. From the kitchen and living room there is access to a covered terrace with a dining table and an outdoor grill. The spacious yard is full of greenery, and there is also an attractive jacuzzi and an infinity pool with a view of the forest.

An additional room with a sauna and shower adds another layer of luxury to the house. Heating and cooling is provided by air conditioning in all rooms, with the addition of underfloor heating and a fireplace for a warm winter atmosphere.

The house also offers four parking spaces, two of which are covered.

This property represents an excellent opportunity for investment, since it is already well positioned on the tourist rental market, but it can also serve as a private vacation space.

The current owners also own another house located right next to this property, therefore there is an opportunity to purchase both properties for a total of €1,000,000, thus providing future buyers with an already established business.
